

# LCWS 2004

## Tuesday 20 April 2004

### Polarization (13:30 - 05:50)

time	[id] title	presenter
13:30	[213] Physics Motivation for polarised e- and e+ Beams	, G. Moortgat-Pick
13:50	[214] Photocathode and Gun of highly polarized Electron Source for GLC	, Hitoshi Yamamoto
14:10	[215] Polarized Positron Source	, Tsunehiko Omori
14:30	[216] Status Report of the E166 Experiment: A polarized Positron Source for future Linear e+e- Colliders	, Thomas Schweizer
14:50	[217] Discussion
