Session Program

1-4 Jun 2004

HERA - LHC workshop working group week

WG3 - Heavy quarks (charm and beauty)

DESY Hamburg

Wednesday 2 June

00	WG3 - Heavy quarks (charm and beauty) Session Location: DESY, 1b4b
	10:00-10:30 b production with Kt factorization
	Speaker
	N. Zotov
	Location
	DESY, 14b
	10:40-11:10 Unintegrated gluon densities and saturation in HQ production at HERA and LHC
	Unintegrated gluon densities and saturation in HQ production at HERA and LHC Speaker
	Unintegrated gluon densities and saturation in HQ production at HERA and LHC
	Unintegrated gluon densities and saturation in HQ production at HERA and LHC Speaker
	Unintegrated gluon densities and saturation in HQ production at HERA and LHC Speaker H. Jung
	Unintegrated gluon densities and saturation in HQ production at HERA and LHC Speaker H. Jung Location
	Unintegrated gluon densities and saturation in HQ production at HERA and LHC Speaker H. Jung Location DESY, 14b 11:20-11:50 Kt factrorization results at HERA and Tevatron Speaker
	Unintegrated gluon densities and saturation in HQ production at HERA and LHC Speaker H. Jung Location DESY, 14b 11:20-11:50 Kt factrorization results at HERA and Tevatron
	Unintegrated gluon densities and saturation in HQ production at HERA and LHC Speaker H. Jung Location DESY, 14b 11:20-11:50 Kt factrorization results at HERA and Tevatron Speaker
