

Session Program

25-27 May 2004

Physics with a Multi-MW Proton source

Nuclear Physics Session

CERN, 503/1-001 - Council Chamber

Wednesday 26 May

14:00

Nuclear Physics Session

Session | Location: CERN, 503/1-001 - Council Chamber

14:05–14:20

Introduction: The Eurisol DS proposal

Speaker

Y. Blumenfeld

14:25–14:55

The future of nuclear structure studies

Speaker

W. Gelletly

15:00–15:25

Nuclear dynamics and the nuclear equation of state

Speaker

F. Gulminelli

15:30–16:00

Coffee break

16:05–16:30

Astrophysics with RIB

Speaker

K.-L. Kratz

16:35–17:00

Fundamental symmetries and interactions (at an intense proton source)

Speaker

K. Jungmann

17:05–17:30

New approaches to the study of the nucleus : muons, pbar,

Speaker

J. Äystö

17:35–18:00

FAIR: the GSI New Facility

Speaker

H.-J. Kluge

18:05–19:35

Adjourn

19:35–19:55

Workshop dinner

19:55
