

# Physics at LHC 2004

## Thursday 15 July 2004

### Working Session on Heavy Ions II (16:20 - 18:00)

time	[id] title	presenter
16:20	[52] Event characterization in ALICE	MONTENO, Marco
16:40	[53] Studying charm production and quenching with ALICE	, A. Dainese
17:00	[54] ALICE: Physics with electrons	, R. Schicker
17:20	[55] Physics perspectives with the ALICE muon spectrometer	DUPIEUX, Pascal
17:40	[56] Quarkonia and heavy flavour detection in the CMS detector	KODOLOVA, Olga
