

 CERN – European Organization for Nuclear Research

Administrative Information Services

Administrative Computing

Administrative Information Services

IT Department

CERN – Geneva, Switzerland

Administrative Information Services

Mandate

- Provide CERN with a set of integrated and reliable Corporate Information Systems
- Ensure coherent, reliable, comprehensive and accurate management information across CERN
- Provide optimal support for all business processes at CERN

Approach

- **Best of Breed**
 - Buy best solution for each business unit
 - We manage the integration & customizations
 - We provide transparent layer for end-users
E.g. Financials, HR, Payroll, e-recruitment
- **Be-spoke development**
 - Where market availability doesn't meet CERN needs AND there is a strong business case:
E.g. Collaborative project management, Workflow, Reporting, Earned Value Management, Contract Management

Workflow and e-business
