

Session Program

28-30 Jun 2004

**UK-DTI International Technology Service-
GlobalWatch**

***Physics on-line technologies: the ALICE
experiment***

CERN, 513-1-070

Wednesday 30 June

10:45

Physics on-line technologies: the ALICE experiment

Session | **Location:** CERN, 513/R-070 - Openlab Space

10:45-11:15

Challenges of Data Acquisition at the LHC

Speaker

Pierre Vande Vyvre

Location

CERN, 513/R-070 - Openlab Space

11:15-11:35

Evaluation of Computing Technologies for the ALICE Data Acquisition

Speaker

Klaus Schossmailer

Location

CERN, 513/R-070 - Openlab Space

11:35-11:55

Electronics Integration of the ALICE Pixels Tracking Detector

Speaker

Alex Kluge

Location

CERN, 513/R-070 - Openlab Space

11:55-12:45

Discussion

Speaker

All participants

Location

CERN, 513/R-070 - Openlab Space

12:45
