

**Session Program**

**21-23 Jun 2004**

**New Zealand-Australia Semiconductor  
Instrumentation Workshop**

***Astronomy and Astrophysics***

Royal Society of New Zealand, Wellington, NZ

# Tuesday 22 June

15:20

## Astronomy and Astrophysics

Session | Location: Royal Society of New Zealand, Wellington, NZ

15:20-16:10 **Silicon in space: The AMS Experiment**

**Speaker**

Bourquin, M.

16:10-16:40 **Silicon in PAMELA**

**Speaker**

Vacchi, A.

16:40-17:10 **Optical CCDs and SALT**

**Speaker**

Albrow, M.

17:10-17:40 **Microlensing with CCDs**

**Speaker**

Yock, P

17:40-18:10 **Neutrino detection at the South Pole: Instrumentation issues**

**Speaker**

Churchwell, S.

18:10
