

Session Program

25-29 Jul 2004

**International Workshop on Radiation Imaging
Detectors (IWORID04)**

Radiation Hard Detectors I

Kelvin Building, University of Glasgow

Wednesday 28 July

11:45

Radiation Hard Detectors I

Session | Location: Room 257

11:45-12:00

Studies of bulk damage induced in different silicon materials by 900 MeV electron irradiation

Speaker

S. Dittongo

12:00-12:15

Radiation hardness of graded-gap Al_xGa_{1-x}As X-ray detectors

Speaker

A. Silenas

12:15-12:30

The LHCb Vertex Locator

Speaker

L. Eklund

12:30
