# Databases at BNL

RHIC/US Atlas Computing Facility

Brookhaven National Laboratory

Dec. 13, 2004

# Production Databases at BNL

- Database systems at BNL

  - Mostly single server MySQL systems

  - PostgreSQL

  - Oracle

- Most instances are single server, Linux based systems, but clustered MySQL and PostgreSQL systems exist.

# Oracle at BNL

- Oracle (on Solaris) usage was on the way out.

- Now in the process of bringing up Oracle on Linux to participate in 3D testing

- Access to necessary hardware resources not an issue. Disk and CPU resources are available.
