

Session Program

9-10 Dec 2004

Computing Model Workshop

ALICE Computing Model Workshop

CERN, 60-6-2

Thursday 9 December

08:00

ALICE Computing Model Workshop

Session | Location: CERN, 60-6-2

09:00-09:30

Introduction and Overview of the ALICE Computing Model

Speaker

Federico Carminati

09:45-10:25

The ALICE Raw Data Flow: from detectors to storage

Speaker

Pierre Vande Vyvre

10:40-11:10

Coffee

11:10-11:45

The ALICE High Level Trigger

Speaker

Haavard Helstrup

12:00-14:00

Lunch

14:00-14:30

The ALICE Offline model: from raw data to physics data

Speaker

Yves Schutz

14:45-15:25

MC data production, reconstruction and analysis; lessons learnt from DC

Speaker

Latchezar Betev

15:25-15:55

Coffee

19:00
