Parallel Session 2B

Session | Location: Hotel Vila Gale, Ericeira, Portugal

16:30-16:50 **Hard scattering and jets from pp to Au-Au collisions**

Speaker

Michael Tannenbaum

16:50-17:10 **Semihard scattering unraveled from collective dynamics at the SPS**

Speaker

Jana Bielcikova

17:10-17:30 **Flow effects on jet profiles and multiplicities**

Speaker

Armesto, N.

17:30-17:50

Inclusive π^0 spectra at high transverse momentum in d-Au collisions

Speaker

Andre Mischke

17:50-18:10 **Dihadron fragmentation: in vacuum and in matter**

Speaker

Abhijit Majumder

18:10-18:30 **Can Φ mesons give an answer to the baryon puzzle at RHIC?**

Speaker

Julia Velkovska

18:30-18:50 **Jet physics at the LHC with ALICE**

Speaker

Andreas Morsch
