

**Session Program**

**4-10 Nov 2004**

**HARD PROBES 2004**

***Jets and High- $p_T$  Physics***

Hotel Vila Gale, Ericeira, Portugal

# Sunday 7 November

14:30

## Jets and High-pT Physics

Session | Location: Hotel Vila Gale, Ericeira, Portugal

14:30–15:00 **Jet quenching versus energy and from pp to Au-Au**

**Speaker**

Carl Gagliardi

15:00–15:30 **Jets and high-p<sub>T</sub> physics from PHENIX**

**Speaker**

Brian Cole

15:30–16:00 **Summary of high-p<sub>T</sub> physics with PHOBOS**

**Speaker**

Gunther Roland

16:00–16:30 **Coffee Break**

16:30–17:15 **Jet production in pQCD: theory vs. data**

**Speaker**

George Sterman

17:10–17:55 **Rescattering effects in p-nucleus and heavy-ion collisions**

**Speaker**

Qiu, J

17:55–18:25 **Recent advances in the CGC**

**Speaker**

Edmond Iancu

18:25–18:55

**High-p<sub>T</sub> particle suppression in nucleus-nucleus collisions from SPS to RHIC**

**Speaker**

David d'Enterria

19:00
