

Session Program

30 May 2005 to 3 June 2005

Alice off-line week

Reconstruction and calibration

CERN, 40-S2-A01

Tuesday 31 May

09:30

Reconstruction and calibration

Session | Location: CERN, 40-S2-A01

09:30–12:30 Status of the PPR Chapter 5

Subcontributions

Introduction

Speaker

I. Belikov

Primary vertex reconstruction

Speaker

A. Dainese

Central tracking

Speaker

M. Ivanov

Secondary vertex reconstruction

MUON tracking

High Level Trigger

Speaker

M. Richter

Coffee break

Speaker

ALL

PID with the ITS

Speaker

Bruna, E.

PID with the TPC

Speaker

M. Kowalski, M. Ivanov

PID with the TRD

Speaker

P. Shukla

PID with the TOF**Speaker**

Ch. Zampolli

PID with the HMPID**PID with the PHOS****Speaker**

Y. Kharlov

Discussion

12:30-14:00

Lunch

14:00-14:30

Coordinate systems used in the reconstruction**Speaker**

I. Belikov

14:30-14:45

Muon calibration/alignment status**Speaker**

G. Martinez

14:45-15:30

Status of Offline Calibration and Alignment Database**Speaker**

M. Gruwe

15:30-16:15

AliRoot access classes to offline conditions database**Speaker**

A. Colla

16:15-16:45

Coffee/Tea break

16:45-17:15

Implementation of the Event TAG Database**Speaker**

P. Christakoglou

17:15-17:45

Loading the geometry**Speaker**

R. Grosso

17:45-18:15

DCS databases**Speaker**

P. Chochula

18:15-18:30

Status of the SPD calibration**Speaker**

P. Nilsson

18:30
