Session | Location: CERN, IT Auditorium

09:00–09:15 Introduction to the alignment session

Speaker

Raffaele Grosso

09:15–10:15

Geometrical modeler: transformation of the existing geometry for the alignment

Speaker

Andrei Gheata

Subcontributions

Presentation

Demo / Tutorial

10:15–10:45 Storage and retrieval of the geometry for alignment

Speaker

Raffaele Grosso

10:45–11:15 Coffee break

11:15–12:15 Possible alignment strategies

Speaker

Raffaele Grosso

12:15–14:00 Lunch

14:00–14:30 Examples of current problems in code with respect to alignment

Speaker
