

Session Program

3-7 Oct 2005

Alice off-line week

***Interfaces with external databases and
discussion***

CERN, IT Auditorium

Tuesday 4 October

14:00

Interfaces with external databases and discussion

Session | Location: CERN, IT Auditorium

14:00-14:15 **Interfaces with external databases**

Speaker

Latchezar Betev

14:15-14:45 **Interface with DCS: implementation**

Speaker

Peter Chochula

14:45-15:15 **Interface with DAQ and ECS**

Speaker

Sylvain Chapeland

15:15-15:45 **Shuttle program for gathering conditions data from external DB**

Speaker

Boyko Yordanov

15:45-16:15 **Tea/Coffee break**

16:15-16:30

Development of the combined cluster/track finder for the muon spectrometer

Speaker

Zinchenko, A.

16:30-16:45 **Tracking and trigger efficiencies in the MUON arm**

Speaker

Suire, C.

16:45-17:45 **Working session on calibration**

18:00
