

Session Program

17-21 Jan 2005

HERA - LHC workshop working group week

WG1: Parton Density Functions

CERN

Thursday 20 January

09:30

WG1: Parton Density Functions

Session | **Location:** CERN, 40-SS-A01

09:30–10:00

Resummed parton distributions from neutrino data

Speaker

Gennaro Corcella

Location

CERN, 40-SS-A01

10:00–10:30

Preasymptotics in small-x splitting functions

Speaker

Gavin Salam

Location

CERN, 40-SS-A01

10:30–11:00

The longitudinal structure function at third order

Speaker

Sven Moch

Location

CERN, 40-SS-A01

11:00–12:00

Discussion

Location

CERN, 40-SS-A01

12:00
