

7th International Conference on Position Sensitive Detectors

Wednesday 14 September 2005

S9 : Detectors for Synchrotron Radiation and Spallation Neutron Sources (14:30 - 15:45)

time	[id] title	presenter
14:30	[129] Detectors at synchrotron sources; now and in the future	Prof. GRAAFSMA, Heinz
15:00	[34] A multichannel detector array with 768 pixels developed for electron spectroscopy	Dr LANGSTAFF, Dave
15:15	[39] Technology transfer of microstrip detectors; from medical applications to synchrotrons	Dr MANOLOPOULOS, Spyros
15:30	[61] Ultra-long MicroStrip Gas Counter for Spallation Neutron Source Facilities	Prof. TAKAHASHI, Hiroyuki
