

Session Program

7-10 Nov 2005

Flavour in the era of the LHC

Joint WG1+WG3, session 2

CERN

Wednesday 9 November

14:00

Joint WG1+WG3, session 2

Session | Location: CERN, 503/1-001 - Council Chamber

14:00-14:25

Lepton flavour & number violation at the LHC

Speaker

Werner Porod

14:35-14:55

Realistic models of flavour at LHC

Speaker

Oscar Vives

15:00-15:20

A study on mu (electron) - tau conversion in deep inelastic scattering

Speaker

Yoshitaka Kuno

15:25-15:45

Study of mu - tau conversion with high-intensity muon beams

Speaker

Giovanni Marchiori

15:50-16:10

CP effects in tau decays and some of tau production processes: aspects

Speaker

Zbigniew Was

16:15-16:45

Coffee break

16:45
