

# ***CMS Working Group on Future Optoelectronic Technologies and System Architectures***

***Francois Vasey, PH Department, CERN CH 1211 Geneva 23***

francois.vasey@cern.ch

# ***CMS Effort***

---

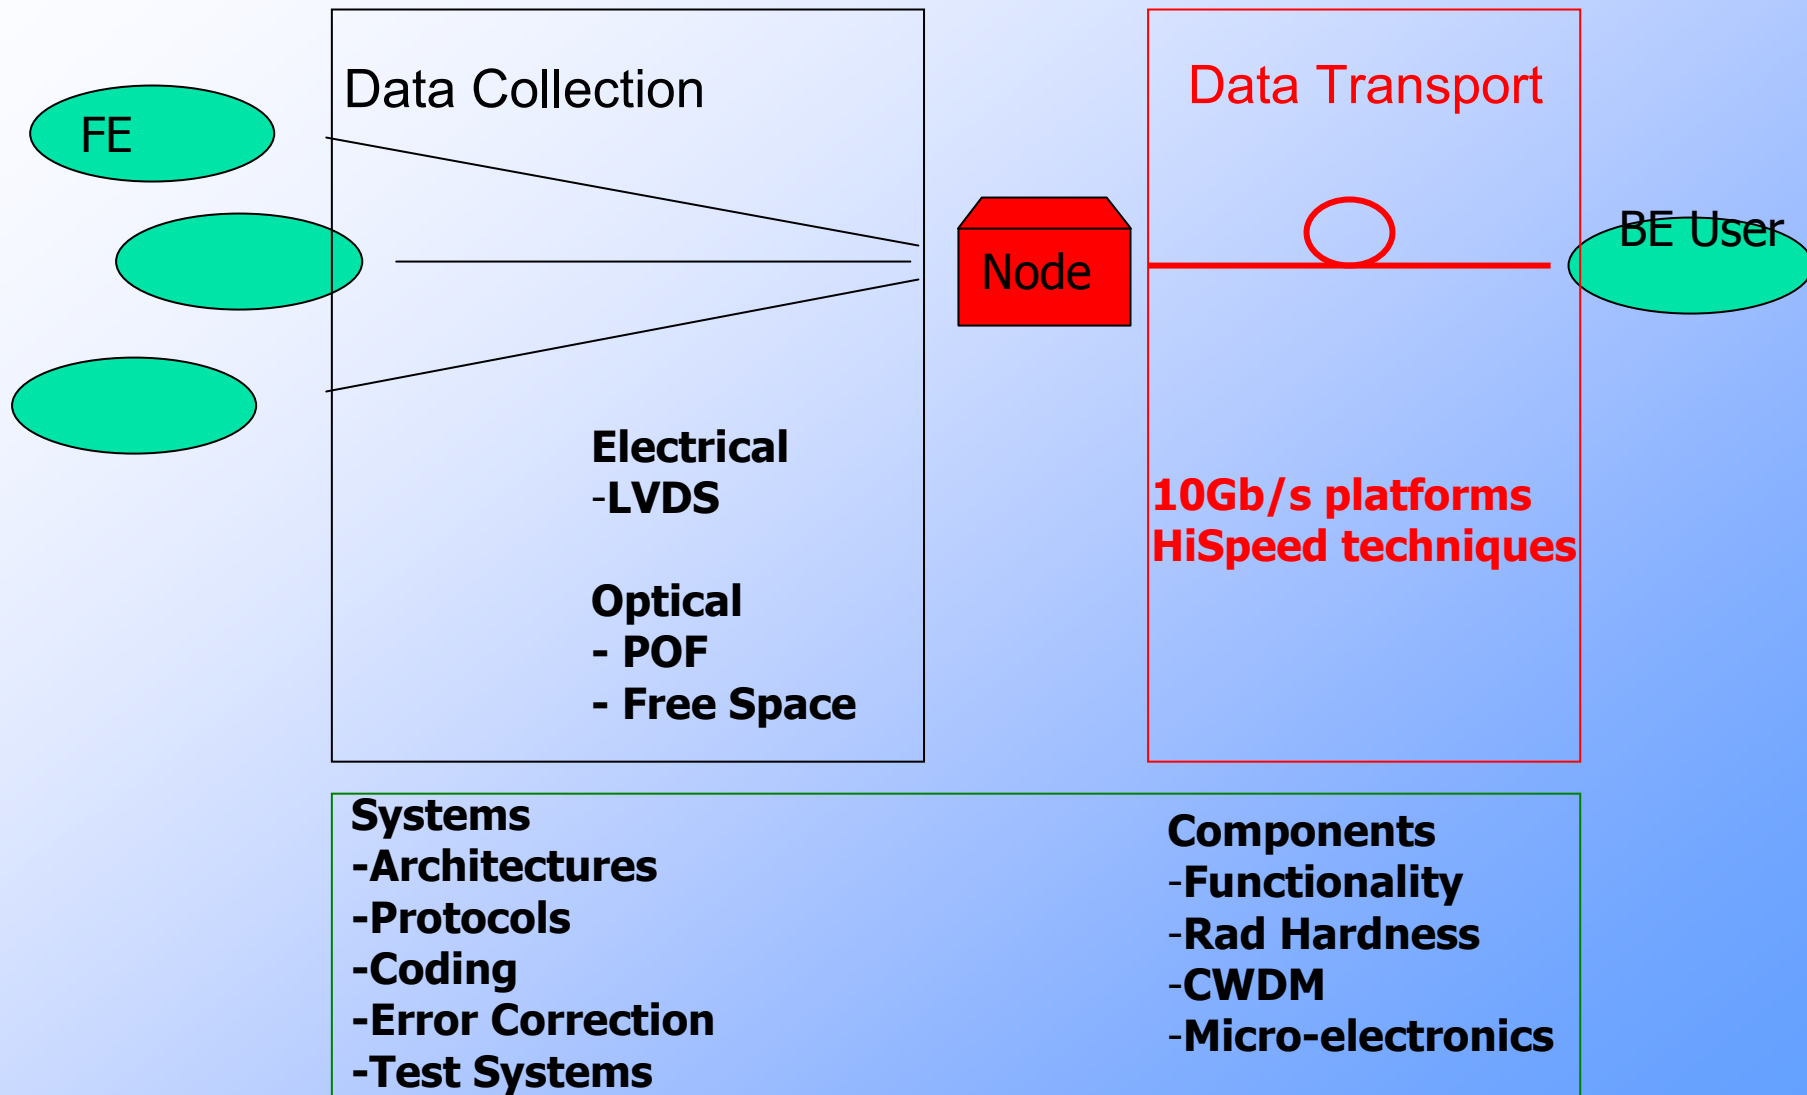

- 26-27 Feb 2004, CERN
  - CMS Workshop on Detectors and Electronics for SLHC
  
- 13 July 2004, IC London
  - CMS 2<sup>nd</sup> Workshop on Detectors and Electronics for SLHC
  
- 07 Sept 2004, CERN
  - Working group meeting

# ***CMS Working Group on Future Optoelectronic Technologies and System Architectures***

---

- Bruno Checcucci, INFN Perugia
- David Cussans, Uni-Bristol
- Jean-Paul Dewulf, Uni-Bruxelles
- Costas Foudas, IC-London
- Markus Friedl, HEPHY-Vienna
- Jim Grahl, Uni-Minesota
- Rob Halsall, RAL
- Thierry Romanteau, Polytechnique-Paris
- CERN-MIC
  - Paulo Moreira, Jan Troska, Karl Gill, Francois Vasey

# *R+D Model and lines of attack*

# *What can we do together*

---

- Share workload
- Share access to facilities
  - Labs, test sites
  - Instruments
  - Etc...
- Share results
