

Session Program

11-13 May 2005

LHC Hardware Commissioning Review
Electrical circuits and magnets (warm and cold)

CERN, Prévessin, 864-1-C02

Thursday 12 May

11:05

Electrical circuits and magnets (warm and cold)

Session | **Location:** CERN, Prévessin, 864-1-C02 | **Convener:** Frederick Bordry

11:05-11:20 **The normal conducting magnets and their circuits**

Speaker

Suitbert Ramberger

11:30-12:00 **Superconducting circuits: a generic view**

Speaker

Karl-Hubert Mess

12:15
