- **Partner Name:**
  - IFIC (CSIC)
  - Located in Valencia, Spain

- **Persons involved: 8 PM**
  - Alvaro Fernandez
  - Gabriel Amoros

- **TSA3.2 - Certification Testbed and stress testing.**
  - WMPROXY components
  - patch #1780: Patch for Bugs 26989, 29509, 31669, 32200, 33178, 33520, 34570, 34668, 35357, 35698

- Too many not very related bugs for a single patch (c++ api, python, CLI ,...)
- in the future separate functionality

- **task #7222: Regression test for patch 1780:**
  - 7 Tests for bugs 32200, 33520, 34570, 34668, 29509, 35357, 3569
  - Invested time in know the framework. Latest tests were done faster

- **Meetings:**
  - May'08: First EGEE III - SA3 All Hands Meeting @ CERN
  - Set'08: EGEE'08 Conference

- **Expertise and Future:**

  - **WMS** and **WMPROXY** testing and debugging
  - Testsuites **development. Regression Testing Framework**
  - Involved in several parts of package release (certification –> PPS –> Production)
  - **Patch** certification
  - Knowledge of other components:
    - **SRM (Storm)** : testing, small developments, in production now
    - **VOMS**: tested, in production serving **Fusion vo + regional swe vos**
