

Session Program

11-13 Apr 2005

LHC Machine Protection Review

Interlocking

CERN, building 40

Tuesday 12 April

09:00

Interlocking

Session | Location: 40-SS-C01, 40-SS-C01

09:00–09:20

Interlocking strategy

Speaker

Dr Jorg Wenninger

09:30–10:00

Architecture, Design, and Realisation of the LHC Beam Interlock System

Speaker

Dr Benjamin Todd

10:15–10:35

The LHC Safe Beam Parameters

Speaker

Dr Bruno Puccio

10:45
