

Session Program

11-13 Apr 2005

LHC Machine Protection Review

Machine Protection and operation (part II)

CERN, building 40

Wednesday 13 April

09:00

Machine Protection and operation (part II)

Session | Location: CERN, 40-SS-C01

09:00-09:20

Ensuring required collimator settings

Speaker

Dr Oliver Aberle

09:30-09:50

Machine protection and LHC controls

Speaker

Dr Mike Lamont

10:00-10:20

Will the machine protection systems let LHC safely operate?

Speaker

Dr Roberto Filippini

10:30
