

Session Program

17-19 Oct 2005

**LCG Database Deployment and Persistency
Workshop**

Database Service and Impact on Applications

CERN, IT Auditorium

Tuesday 18 October

09:00

Database Service and Impact on Applications

Session | **Location:** CERN, 40-s2-a01

09:00–09:30 CERN physics database services and plans

Speaker

Maria Girone

Location

CERN, 40-s2-a01

09:30–09:50

Physical Database Structure (applications, schemata, users, tablespaces)

Speaker

Miguel Anjo

Location

CERN, 40-s2-a01

09:50–10:10

Database Storage Layout and I/O Performance

Speaker

Luca Canali

Location

CERN, 40-s2-a01

10:10–10:30

Database backup/recovery strategy and impact on applications

Speaker

Jacek Wojcieszuk

Location

CERN, 40-s2-a01

10:30–11:00

Coffee Break

11:00–11:30

Database authentication and authorisation in LCG

Speaker

Kuba Zajackowski

Location

CERN, 40-s2-a01

11:30–12:00

Database and client monitoring

Speaker

Radovan Chytrcek / Giacomo Govi

Location

CERN, 40-s2-a01

12:00–12:20

Service availability: Impact on applications and higher level services

Speaker

Dirk Duellmann

12:20

Location

CERN, 40-s2-a01
