## LHC : Physics and Detectors (Part II)

**Session** | **Location:** Physics Dep. - University of Milano-Bicocca, U2--07

### 09:00-10:00 The detectors at LHC

**Speaker**

Bloch, P.

**Location**

Physics Dep. - University of Milano-Bicocca, U2--07

### 10:00-10:30 The ATLAS tracker

**Speaker**

Weber, M.

**Location**

Physics Dep. - University of Milano-Bicocca, U2--07

### 10:30-11:00 Coffee Break

### 11:00-11:30 The CMS electromagnetic calorimeter

**Speaker**

Diemoz, M.

**Location**

Physics Dep. - University of Milano-Bicocca, U2--07

### 11:30-12:05 The RICH detectors: applications to LHCb

**Speaker**

Ullaland, O.

**Location**

Physics Dep. - University of Milano-Bicocca, U2--07

### 12:05-12:30 The muon system of LHCb

**Speaker**

Satta, A.

**Location**

Physics Dep. - University of Milano-Bicocca, U2--07

### 12:30-12:45 The triple-GEM detector of the muon system of LHCb

**Speaker**

Bonivento, W.

**Location**

Physics Dep. - University of Milano-Bicocca, U2--07

### 12:45-13:00 Test of CMS muon drift chambers with cosmic rays

**Speaker**

Monaco, V.

**Location**

Physics Dep. - University of Milano-Bicocca, U2--07

14:30

13:00-14:30

**Lunch**
