

Session Program

12-16 Sept 2005

Frontier Science 2005

LHC: Physics and Detectors (I)

Dep. of Physics - University of Milano Bicocca, U2--07

Monday 12 September

14:30

LHC: Physics and Detectors (I)

Session | **Location:** Physics Dep. - University of Milano-Bicocca, U2--07

14:30-15:10 Standard Model Physics at LHC

Speaker

Maltoni, F.

Location

Physics Dep. - University of Milano-Bicocca, U2--07

15:10-15:50 Physics Beyond the Standard Model at LHC

Speaker

Mangano, M.

Location

Physics Dep. - University of Milano-Bicocca, U2--07

15:50-16:30 Montecarlo generators for LHC

Speaker

Piccinini, F.

Location

Physics Dep. - University of Milano-Bicocca, U2--07

16:30-17:00 Coffee Break

17:00-17:20 The first days at CMS

Speaker

Boccali, T.

Location

Physics Dep. - University of Milano-Bicocca, U2--07

17:20-17:40 Physics with the first events at ATLAS

Speaker

Limper, M.

Location

Physics Dep. - University of Milano-Bicocca, U2--07

17:40-17:55 VV fusion at CMS

Speaker

Bellan, R.

Location

Physics Dep. - University of Milano-Bicocca, U2--07

17:55-18:10 Search for the Higgs in the WW channel at CMS

Speaker

Rovelli, C.

Location

Physics Dep. - University of Milano-Bicocca, U2--07

18:10-18:25

Search for SUSY at ATLAS**Speaker**

Lari, T.

Location

Physics Dep. - University of Milano-Bicocca, U2--07

18:25-18:40

Tests of the ATLAS Trigger and DAQ**Speaker**

Lehmann, G.

Location

Physics Dep. - University of Milano-Bicocca, U2--07

18:40-18:55

The calibration challenge for the CMS electromagnetic calorimeter**Speaker**

Govoni, P.

Location

Physics Dep. - University of Milano-Bicocca, U2--07

18:55-19:10

End of Session

19:10
