

Session Program

12-16 Sept 2005

Frontier Science 2005

Neutrino Physics

Dep. of Physics - University of Milano Bicocca, U2--07

Wednesday 14 September

09:00

Neutrino Physics

Session | **Location:** Physics Dep. - University of Milano Bicocca, U2--07

09:00-09:45 **The status of the neutrino oscillations**

Speaker
Petcov, S.

09:45-10:30 **The future of the neutrino physics**

Speaker
Blondel, A.

10:30-11:00 **Coffee Break**

11:00-11:30 **The experiments at the CNGS beam**

Speaker
Terranova, F.

11:30-11:45 **A global fit to the neutrino masses**

Speaker
Antonelli, V.

11:45-12:00 **Measurement of charm production and decay by CHORUS**

Speaker
De Rosa, G.

12:00-12:15 **Simulation of neutrino-nucleon interactions**

Speaker
Kossov, M.

12:15-12:50 **Double beta decay experiments**

Speaker
Previtali, E.

12:50-13:05 **Lunch**

13:05
