

ELECTRONICS

o) Electronics meeting: 7-8 Nov, London (proposed, will be defined this coming week)

will discuss the electronics strategy and propose responsibilities. For further informations or, if you are not in the electronics mailing list, please contact Cinzia (cinzia.davia@brunel.ac.uk)

o) Test beam CERN summer 2005 - in contact with Atlas (whose setup we intend to use) –

2 possible scenarios:

(i) baseline- use Atlas setup as is (single chip)

(ii) if we manage in time: multichip module

-schedule of test beam coordinated with Atlas colleagues and yet not defined.
