FZK T1-T2 workshop

Report of Contributions

Contribution ID: **1**
Type: **not specified**

SC4 Goals and Timeline - Roadmap to Initial LHC Computing Service

Wednesday 19 October 2005 13:00 (1 hour)

Author: JAMIE SHIERS

Presenter: JAMIE SHIERS

Session Classification: Service Challenges

Contribution ID: **2** Type: **not specified**

SC3 Status / Results

Wednesday 19 October 2005 14:30 (1h 30m)

Short summaries from T0/T1, reports from experiments

Cern: James Casey

LHCb: Johan Blouw
Alice: Kilian Schwarz
CMS: Klaus Rabbertz / Anja Vest
Atlas: Zhongliang Ren

Session Classification: Service Challenges

Contribution ID: **3** Type: **not specified**

Tier1 site report

Wednesday 19 October 2005 16:00 (20 minutes)

- present and planned setup of cpu, storage and WAN
- provided services

Author: BRUNO HOEFT

Presenter: BRUNO HOEFT

Session Classification: Site Reports

Contribution ID: **4**　　　　　　　　　　　　　　　Type: **not specified**

Tier2 site reports

Wednesday 19 October 2005 16:20 (1h 10m)

- present and planned setup of cpu, storage and WAN
- supported experiments
- LCG services provided
- what is expected from the T1 in terms of support etc.
 (approx. 15' each T2)

<p> GSI: Kilian Schwarz
 Freiburg University: Peter Wienemann
 DESY/Aachen: Michael Ernst
 Academy of Sciences, Prague: Jiri Chudoba
 Warsaw University: Richard Gokieli
 John Kennedy, Munich
 David Meder-Marouelli, Wuppertal
 ...

Session Classification: Site Reports

Contribution ID: **5**　　　　　　　　　　　　　　　　　Type: **not specified**

Possibility to visit to GridKa

Wednesday 19 October 2005 17:30 (30 minutes)

Session Classification: Site Reports

Contribution ID: **6** Type: **not specified**

Experiment Reports

Thursday 20 October 2005 13:30 (3 hours)

- typical use cases @ tier2 and tier1. MSS access patterns, data rates etc.
- expected data rates to/from tier-1 and tier-2
- special requirements for SC4 and LHC service

(max. 45 minutes per experiment including questions & discussion)

Session Classification: Experiment Reports

Contribution ID: **7** Type: **not specified**

LCG Services Required at Different Sites

Thursday 20 October 2005 11:00 (1h 30m)

- how to setup and deploy for SC4
- how to ramp-up for LHC service
- MoU availability targets etc.

Author: JAMES CASEY, HARRY RENSHALL, JAMIE SHIERS

Presenter: JAMES CASEY, HARRY RENSHALL, JAMIE SHIERS

Session Classification: LCG Services
