

Session Program

14-16 Dec 2005

**CPNSH4 - Workshop on CP and Non-Standard
Higgs Physics**

day2

CERN, VRVS: Plane, 40-S2-A01

Thursday 15 December

09:00

day2

Session | Location: CERN (VRVS: Plane), 40-S2-A01

09:00-09:30 **New Developments in the NMSSM**

Speaker

Jack Gunion

09:40-10:00 **Higgses and Light Dark Matter in the NMSSM**

Speaker

Bob McElrath

10:10-10:30 **Relic density of dark matter in the NMSSM**

Speaker

Genevieve Belanger

10:40-11:10 **coffee**

11:20-11:40 **Higgs and slepton strahlung with RPV at hadron colliders**

Speaker

Francesca Borzumati

11:50-12:10 **The Higgs sector of the E6 inspired SUSY model with an extra U(1)**

Speaker

Roman Nevzorov

12:20-13:50 **lunch**

14:00-14:30 **Little Higgs models**

Speaker

Aldo Deandrea

14:40-15:00 **Search for gravitons in the RS model**

Speaker

Vladimir Litvin

15:10-15:30 **Discussion, comments to draft report**

Speaker

all

15:30-15:50 **coffee**

16:10-18:10 **Organisers and conveners meeting**

19:00
