

Session Program

26-30 Sept 2005

QCD at Cosmic Energies II

Thursday morning

Skopelos, Greece

Thursday 29 September

09:00

Thursday morning

Session | **Location:** Skopelos, Greece

09:00–10:15

Proton-nucleus potential of LHC

Speaker

Qiu, Jianwei

09:05–10:20

Probing QCD in ultraperipheral collisions at LHC

Speaker

White, Sebastian

09:10–10:25

Critical QCD phenomena in small x physics in vicinity of the black disk limit

Speaker

Blok, Boris

13:00
