

Session Program

2-8 Jul 2006

The 7th International Conference on Hyperons, Charm And Beauty Hadrons, BEACH 2006, 2-8 July, Lancaster

Session 9: Future Directions

Lancaster University Conference Center
Physics Dept., Lancaster University, Lancaster, LA1 4YB, United Kingdom. Tel. (+44) 01524-593618, Fax
(+44) 1524-844037 - www.lancs.ac.uk/depts/physics/physics.htm

Friday 7 July

14:00

Session 9: Future Directions

Session | Location: Lecture Theatre Faraday Complex

14:00-14:20

CPV and searches for electron and neutron EDMs

Speaker

Philip Harris

14:20-14:40

Prospects and physics reach of a super B factory at KEK

Speaker

Nobuhiko Katayama

14:40-15:00

New ideas for super B factory

Speaker

Steve Playfer

15:00-15:20

LHCb - beyond the baseline

Speaker

Vladimir Obstatov

15:20-16:05

Coffee break

16:05-16:25

Future rare kaon decay experiments

Speaker

Paolo Valente

16:25-16:45

$K_L \rightarrow \mu^+ \mu^-$ decays: A stringent Test of Right-Handed Quark Currents

Speaker

Emilie Passemar

16:45-17:05

Future facility: FAIR and GSI

Speaker

Guenther Rosner

18:30
