Session 3: B-physics - 2

Session | Location: Lecture Theatre Faraday Complex

09:00-09:20 **Bs oscillations measurements in CDF**

Speaker

Giuseppe Salamanna

09:20-09:40 **Bs oscillation measurements in D0**

Speaker

James Walder

09:40-10:05 **Measurements of the Bs lifetime difference in Tevatron**

Speaker

Kin Yip

10:05-10:25 **Lifetime of B hadrons in Tevatron**

Speaker

Eduard De la Cruz Burelo

10:25-11:05 **Theory: B hadrons lifetimes and mixing**

Speaker

Jonathan Flynn

11:05-11:25 **Coffee break**

11:25-11:45 **CP violation studies at Tevatron**

Speaker

Eli Ben-Haim

11:45-12:25 **Theory of CP violation**

Speaker

Thomas Mannel
