

**Session Program**

**12-15 Jan 2006**

**TOP 2006 International Workshop on Top  
Quark Physics**

***Session 3 - Generators, Theoretical Modeling  
and Experimental Methods***

Coimbra, Portugal

# Friday 13 January

09:00

## Session 3 - Generators, Theoretical Modeling and Experimental Methods

Session | Location: Coimbra, Portugal

09:00-09:55

### Experimental Methods

**Speaker**

E.Thomson

09:55-10:20

### How to calibrate Jet Energy scale?

**Speaker**

K. Hatakeyama

10:20-10:45

### How to estimate b-tag efficiency and false positive rate?

**Speaker**

C. Neu

10:45-11:10

### Coffee Break

11:10-11:35

### Uses of multivariate analysis methods

**Speaker**

Y. Coadou

11:35-12:00

### Tools for Top studies in ATLAS

**Speaker**

V. Kostyukhin

12:00-12:20

### Discussion

12:20-12:40

### Lunch

12:40
