

Session Program

12-15 Jan 2006

**TOP 2006 International Workshop on Top
Quark Physics**

***Session 2 - Top Quark Current Experimental
Status***

Coimbra, Portugal

Thursday 12 January

14:15

Session 2 - Top Quark Current Experimental Status

Session | Location: Coimbra, Portugal

14:15-15:10 Current Experimental Status

Speaker

A. Juste

15:10-15:35

Measurements of Top quark pair production cross section & Search for Resonances

Speaker

R. Rossin

15:35-16:00 Measurements of Top quark decay properties

Speaker

E. Varnes

16:00-16:30 Coffee Break

16:30-16:55 Precision Measurement of Top quark mass in lepton+jets channel

Speaker

J. Cammin

16:55-17:20 Precision Measurement of Top quark mass in dilepton channel

Speaker

B. Jayatilaka

17:20-17:45 Search for single top quark production at the Tevatron

Speaker

M. Begel

17:45-18:00 Discussion

18:30-18:50 Welcome Cocktail

18:50
