

## **Session Program**

**2-8 Jul 2006**

## **Physics at LHC**

### ***Standard Model and Beyond: Plenary***

Cracow, Poland

# Thursday 6 July

09:00

## Standard Model and Beyond: Plenary

**Session** | **Location:** Cracow, Poland

09:00–09:40

### Standard Model theory review

**Speaker**

Joseph D. Lykken

09:40–10:00

### Tevatron Results: QCD and Top

**Speaker**

Marek Zielinski

10:00–10:20

### Electroweak results from the Tevatron

**Speaker**

Chris Hays

10:20–10:55

### Standard Model LHC potential

**Speaker**

Maartin Boonekamp

10:55–11:25

### Coffee break

11:25–12:05

### Beyond Standard Model theory review

**Speaker**

Stefan Pokorski

12:05–12:30

### Non SUSY searches for physics beyond the Standard Model at the Tevatron

**Speaker**

Sung-Won Lee

12:30–13:05

### Beyond Standard Model physics at LHC

**Speaker**

Reyes Alemany Fernandez

13:05
