

Enabling Grids for E-science

Dissemination and Outreach

*John Dyer, Dissemination and Outreach Manager,
TERENA*

*EGEE 1st EU Review
9-11/02/2005*

www.eu-egee.org

- **Objectives of NA2**
- **Publicity material produced**
- **Website**
- **Media coverage**
- **EGEE conferences**
- **Dissemination strategy and metrics**

“In order for the project to succeed, it is vital to proactively raise awareness of the EGEE project, attract interest and ultimately participation from many different science disciplines, the academic community, business and government.”

(EGEE Technical Annex)

The mission of the NA2 partners is defined as:

“To identify key audiences, actively promote and raise awareness of the EGEE project through clear, consistent and timely communications.”

(EGEE Dissemination Plan)

In conjunction with the Project Office a series of publicity material has been produced:

- 15 Fact Sheets
- EGEE folders
- Style Guide
- Templates
 - Posters
 - Word documents
 - Presentations
 - Website

- Interim website was set-up prior to launch
- New public website designed & implemented in month 1
- Finalised by month 6
- Constantly updated for duration of project
- Over 4000 unique visitors a month
- Visitors are able to download publicity material, register to receive more information, ask questions, see EGEE news stories etc.

16 Localised EGEE Websites

Enabling Grids for E-science in Europe

South East Europe

EGEE - Enabling Grids for E-science in Europe

Welcome to the EGEE South East Europe Federation site. EGEE-NEP is a Federation joining the national EGEE Federations of Bulgaria, Cyprus, Greece, Ireland and Romania, under the umbrella of the EGEE-EEC. The project provides information relating to the regional EGEE activities, supported by the EGEE-EEC Support Operations Centre (SOC), as well as EGEE training events, conferences, seminars and related events.

The Regional Operations Centre site functions as the entry point for EGEE users wishing to use the EGEE as well as for the Resource Centres (RCs) wishing to join the EGEE by declaring their resources.

The EGEE-EEC Federation-EGEE is currently in the development stages, with the first aim of setting up the computational and storage needs of regional communities.

Кратка информация за проекта EGEE

Информационно табло

Европейската СМГ програма избира световен съюз успешни изобретения на Европейския Дигитален проект (EDD) и стартира новия проект за приспособяване на СМГ системата за Европа Enabling Grids for E-Science in Europe (EGEE) проект. Проектът EGEE е основан върху успеха на EDO и издирването на СМГ технологията чрез изградването на регионална СМГ инфраструктура, която ще бъде допълнена по време на време и време.

Европейският Дигитален проект (EDO), който започва успешно на 31 март 2004. На основата на СМГ системата, главната цел на EDO е да се създаде инфраструктура, способна да предостави ресурси на цялото европейско научно общностите на 10 милиона евро, а участниците в проекта да бъдат доприносни на разволяване и време.

"Презимаме първата си успешна изобретения на проекта през време на изобретенията на Европейския проект за приспособяване на СМГ системата за Европа."

След успешното участие на разработване на основни софтуерни верзии за три години, EGEE вече се прехвърля в три основни направления: енергия, биоинформатика, геоинформатика и медицинска физика на високите енергии тъй с новата инфраструктура на главната изобретенията на

- **Press cuttings library**
- **Coverage in over 15 countries**
- **Range of publications**
 - national newspapers
 - online publications
 - specialist journals and magazines
- **Some key titles include: Economist, Le Figaro Magazine, Irish Times and Linux Magazine**
- **Radio interviews (Poland and Austria)**
- **Television interviews (Denmark and Italy)**

- **EGEE-01**
 - **Cork, IE, April 2004 (300 delegates)**
- **EGEE-02**
 - **Den Haag, NL, November 2004 (400 delegates)**
- **Two in planning:**
 - **EGEE-03 Athens, GR, April 2005**
 - **EGEE-04 October 2005**

- **Communications strategy for EGEE**
- **Provides guidance to NA2 partners**
- **Identifies roles and responsibilities**
- **Key messages**
- **Potential audiences**
- **Methods of communication to utilise**
- **Outlines key measures for success and metrics**
- **Identifies “Where are we now?”, “Where do we need to be?” and “How will we get there?”**

MONTH		ITEM	PARTNER
M01	DNA2.1	Production of Project Information Presentation	TERENA
M01	DNA2.2.1	Initial Customer Facing website	TERENA
M01	DNA2.3.1	Initial Internal Project website	CERN
M03	DNA2.4.1	First Dissemination Plan	TERENA
M06	DNA2.2.2	Full Production of Customer Facing Website	TERENA
M06	DNA2.3.2	Full Production of Internal Project Website	CERN
M06	DNA2.6.1	First Dissemination Progress Report	TERENA
M06	DNA2.5	Production of Appropriate Printed PR Material	TERENA & CERN
M09	DNA2.4.2	Revised Dissemination Plan	TERENA

M24	DNA2.7	Final Dissemination and Usage Report	TERENA

NA2 Metrics	Month 6 (Sept 04)	Month 9 (Dec 04)
Press Cuttings	72	93
Equivalent cost in paid advertising	£45K (€64K)	£56K (€80K)
Radio Interviews	1	2
Television Interviews	0	2
Public Website visits (average per month)	3972	4341
Websites set-up by other NA2 partners	7	16
Number of information sheets	15	15
Number of different language information sheets	23	23
Newsletters in English	1	4
Press Releases Issued Centrally	1	3
Number of different language press releases	18	26

NA2 Metrics Continued	Month 6 (Sept 04)	Month 9 (Dec 04)
Number of Events where EGEE has been promoted (material only)	18	26
Number of Events where EGEE has been presented (material and/or presentations)	34	111
Number of contacts via Public Websites	28	30
Number of personal (face-to-face) contacts made at events (all Federations)	36	210
Number of mailing lists set-up (TERENA and Russian Federation)	Not recorded	26

- **Lack of NA2 representation in key geographic areas**
 - *Mitigated by managing centrally as well as possible*
- **Being activity leader but removed geographically from Director and Project Office causes communications problems**
 - *Mitigated by regular face-to-face meetings and weekly teleconferences*
- **Lack of Dissemination Plan buy-in from NA2 partners (in part due to lack of PR experience, different cultures, different levels of funding etc.)**
 - *Mitigated by regular contact via email, face-to-face meetings when possible, monthly teleconferences and motivation via email*
- **Lack of timely input to NA2 from technical activities on key items**
 - *Mitigated by PEB meetings, plans to raise the profile of NA2 within project and add this as important point in NA3 inductions*
- **I3 Admin overhead**

- **NA2 plans for the next few months include:**
 - **New publicity material**
 - **High quality EGEE brochure**
 - **Stickers, slogans, postcards, facts sheets**
 - **Increase media relations about key developments in project**
 - **Third EGEE conference**
 - **Leaflets on key areas: production service, GILDA Testbed, LCG and gLite**
 - **An improved “How to Join” section of website (with assistance from User Information Group)**

- **Result of NA2/NA3/NA4 meeting at Den Haag**
- **Need to coordinate information from project**
- **Easy steps visible on public and technical website**
- **Consists: NA2/NA3/NA4/NA5/SA1**
- **Identified three main groups:**
 - *Users,*
 - *Application Developers*
 - *Operations Personnel*
- **Work has begun on identifying all relevant information**

- **Further build the NA2 team**
- **Ensure NA2 partners adhere to the Dissemination Plan**
- **Ensure all NA2 partners report right results**
- **Create more publicity material**
- **Target key events**
- **Increase media relations centrally and locally**
- **Ensure technical activities keep NA2 informed of newsworthy developments**

- **Two successful EGEE conferences**
- **NA2 team: 29 partners, 21 countries, 80+ individuals**
- **Branding and style**
- **Templates for posters, fact sheets, slides etc.**
- **Production of a wide-range of publicity material**
- **External website with over 4000 unique visitors a month**
- **Dissemination Plan**
- **Media relations resulting in:**
 - **More than 90 press cuttings**
 - **2 radio interviews**
 - **2 television interviews**
