Opening address

Wednesday, 23 February 2005 09:00 (5 minutes)

Summary

Primary author: WOLFGANG VON RUEDEN (CERN)
Presenter: WOLFGANG VON RUEDEN (CERN)
Session Classification: Opening Session
iCSC presentation and logistics

Wednesday, 23 February 2005 09:15 (10 minutes)

Summary

Primary author:  Mr FLUCKIGER, Francois (CERN)
Presenter:  Mr FLUCKIGER, Francois (CERN)
Session Classification:  Opening Session
Presentation of themes by Theme Coordinators

Wednesday, 23 February 2005 09:25 (35 minutes)

Summary

Primary author: IOANNIS BALTOPOULOS, GERHARD BRANDT, BRICE COPY, ZORNITSA ZAHARIEVA
Presenter: IOANNIS BALTOPOULOS, GERHARD BRANDT, BRICE COPY, ZORNITSA ZAHARIEVA
Session Classification: Opening Session
Fundamentals of Database Design

Wednesday, 23 February 2005 10:05 (55 minutes)

Summary

Primary author: Zornitsa Zaharieva
Presenter: Zornitsa Zaharieva
Session Classification: Data Management and Database Technologies - Part 1
SQL: basics and recent advances

Wednesday, 23 February 2005 11:30 (55 minutes)

Summary

Primary author: ANJO, Miguel (CERN)
Presenter: ANJO, Miguel (CERN)
Session Classification: Data Management and Database Technologies -Part 1
An Introduction to Enterprize Computing

Thursday, 24 February 2005 09:00 (55 minutes)

Summary

Primary author: CHIERICO, Giovanni (CERN)
Presenter: CHIERICO, Giovanni (CERN)
Session Classification: Advanced Software Development & Engineering - Design Block
Design Patterns

Thursday, 24 February 2005 10:05 (55 minutes)

Summary

Primary author: RUBEN LEIVAS LEDO; BRICE COPY (CERN)
Presenter: RUBEN LEIVAS LEDO; BRICE COPY (CERN)
Session Classification: Advanced Software Development & Engineering - Design Block
Security in Computer Applications

Thursday, 24 February 2005 11:30 (55 minutes)

Summary

Primary author: SEBASTIAN LOPIENSKI (CERN)
Presenter: SEBASTIAN LOPIENSKI (CERN)
Session Classification: Advanced Software Development & Engineering - Design Block
Iterative Development/Advanced CVS

Thursday, 24 February 2005 14:00 (55 minutes)

Summary

Primary author: BRICE COPY; SEBASTIAN LOPIENSKI (CERN)
Presenter: BRICE COPY; SEBASTIAN LOPIENSKI (CERN)
Session Classification: Advanced Software Development & Engineering - Integration Block
Semi-interactive session on integration

Thursday, 24 February 2005 15:05 (55 minutes)

Summary

Primary author: BRICE COPY (CERN)
Presenter: BRICE COPY (CERN)
Session Classification: Advanced Software Development & Engineering - Integration Block
Panel discussion: “Are novel integration techniques useful for HEP computing?”

Thursday, 24 February 2005 16:30 (55 minutes)

Summary

Primary author: THEME COORDINATORS / INVITED PANELISTS
Presenter: THEME COORDINATORS / INVITED PANELISTS
Session Classification: Advanced Software Development & Engineering - Integration Block
Advanced Database Features

Wednesday, 23 February 2005 14:00 (55 minutes)

Summary

Primary author:  ZORNITSA ZAHARIEVA / MIGUEL ANJO (CERN)
Presenter:  ZORNITSA ZAHARIEVA / MIGUEL ANJO (CERN)
Session Classification:  Data Management and Database Technologies - Part 2
Performance Optimization and Tuning

Wednesday, 23 February 2005 15:05 (55 minutes)

Summary

Primary author:  KWIAIEK, Michal (CERN)
Presenter:  KWIAIEK, Michal (CERN)
Session Classification:  Data Management and Database Technologies - Part 2
Data Mining: Extracting Knowledge from Data

Wednesday, 23 February 2005 16:30 (55 minutes)

Summary

Primary author: OLMER, Petr (Unknown)
Presenter: OLMER, Petr (Unknown)
Session Classification: Data Management and Database Technologies - Part 2
Introduction to Web Services

Friday, 25 February 2005 09:00 (55 minutes)

Summary

Primary author: Ioannis Baltopoulos (Imperial College)
Presenter: Ioannis Baltopoulos (Imperial College)
Session Classification: Web Services in Distributed Computing
Consuming, Providing & Publishing Web Services

Friday, 25 February 2005 10:05 (55 minutes)

Summary

Primary author:  IOANNIS BALTOPOULOS (Imperial College)
Presenter:  IOANNIS BALTOPOULOS (Imperial College)
Session Classification:  Web Services in Distributed Computing
Advanced Issues and Future Trends

Friday, 25 February 2005 11:30 (55 minutes)

Summary

Primary author: IOANNIS BALTOPOULOS (Imperial College)
Presenter: IOANNIS BALTOPOULOS (Imperial College)
Session Classification: Web Services in Distributed Computing
Code Reviews Best Practices

*Friday, 25 February 2005 14:00 (55 minutes)*

Summary

**Primary author:** GERHARD BRANDT (University of Heidelberg)

**Presenter:** GERHARD BRANDT (University of Heidelberg)

**Session Classification:** Advanced Software Development & Engineering - Maintenance Block
Debugging Techniques

Friday, 25 February 2005 15:05 (55 minutes)

Summary

Primary author: PAOLO ADRAGNA (Università degli Studi di Siena)
Presenter: PAOLO ADRAGNA (Università degli Studi di Siena)
Session Classification: Advanced Software Development & Engineering - Maintenance Block
