

New Instruments for Neutrino Relics and Mass

Monday, December 8, 2008

Relic Detection - 6-2-024 AB Auditorium (3:45 PM - 5:30 PM)

time	[id] title	presenter
3:45 PM	[M0] Coherent target effects for atomic neutrino mass spectroscopy and detection of relic neutrino	YOSHIMURA, Motohiko
4:15 PM	[M4] Emergent Electroweak Gravity	Dr MCELRATH, Bob
4:40 PM	[M2] Relic neutrino detection using beta decaying nuclei	Dr COCCO, Alfredo Giuseppe
5:05 PM	[M3] Experimental challenges towards the detection of relic neutrinos with unstable nuclei	Dr MESSINA, Marcello
