

New Instruments for Neutrino Relics and Mass

Monday, December 8, 2008

Experimental Techniques - 6-2-024 AB Auditorium (9:00 AM - 10:40 AM)

time	[id] title	presenter
9:00 AM	[13] Oscillations of Moessbauer neutrinos	Mr KOPP, Joachim
9:25 AM	[14] One-dimensional ordering in high-energy ion beams	Dr DANARED, Håkan
9:50 AM	[15] Contribution of Penning trap mass spectrometry to neutrino physics	Dr NAGY, Szilard
10:15 AM	[16] Bounds on sterile neutrinos using full kinematic reconstruction of radioactive decays	Mr BEZRUKOV, Fedor
