

Session Program

8 December 2008

**New Instruments for Neutrino Relics and
Mass**

Existing Experiments

CERN, 6-2-024 AB Auditorium

Monday 8 December

11:10

Existing Experiments

Session | **Location:** CERN, 6-2-024 AB Auditorium

11:10–11:40

The MARE project: the calorimetric approach potential

Speaker

Angelo Nucciotti

11:40–12:10

Orbital electron capture decay of hydrogen-like ions (GSI)

Speaker

Dr Christophor Kozhuharov

12:10–12:40

The Karlsruhe Tritium Neutrino Experiment KATRIN

Speaker

Prof. Christian Weinheimer

12:40
