Education & Outreach Programs at KEK

Shota TAKAHASHI

Institute of Particles and Nuclear Studies (IPNS)

High Energy Accelerator Research Organization (KEK)

6 August 2016

Contents

- Brief Introduction of KEK and IPNS
- * B-Lab
- * KEK Caravan
- * KEK Science Cafe
- * Summary

Where is KEK?

- 1 hour from Tokyo
- ❖ ~ 10,000 visitors / year
- ❖ ~ 4,000 visitors @ open house

Researches at IPNS

- IPNS: Institute of Particle and Nuclear Studies
- Undergo various experiments to unveil the mysteries of the Universe

Goals of KEK outreach

AMAZING!

- Share a DELIGHT of science, especially HEP, among general public
- Give an opportunity "to become a scientist" to young students and nurture future human resource
- Brew a place for scientific chit-chat
- Make "KEK" more popular and engage with more budget

List of E&O at KEK

Started	Name of program	Description
2004	B-Lab	Open-data analysis program
2006	Belle Plus	Summer summer camp for high school students by Belle
2007	KEK Summer Challenge	Summer camp for undergrads
2010	KEK Caravan	Japan-wide science caravan
2012	TYL School	Spring camp for high school girls
2015	KEK Science Cafe	Weekly science cafe for local citizen
	··· and many more	ADE ?

B-Lab

- Open-data analysis program using Belle data
- Started in 2004
- First trial in HEP field
- For general public
 - include high school and university students

B-Lab Data Package

- 0.1% (1.3 fb⁻¹) Belle data in ROOT format
- Provided data structure
 - 4-momentum
 - charge (0,±1)
 - PID $(\gamma, e, \mu, \pi, K, \rho)$
- Prerequisites
 - * ROOT v5.10.00
 - Windows/Mac
- Tutorials & sample codes are available from webpage.
 - Japanese : http://belle.kek.jp/b-lab/
 - English : http://belle.kek.jp/b-lab/b-lab-english/

How B-Lab works

download Belle data (1.3 fb⁻¹)

How B-Lab works

Belle researcher @KEK IPNS

Achievement

屯京新聞

B-Lab participants found rare particles (D_s and Λ_c)

- A group of high school girls
- An engineer
- Some students worked really hard and presented at a physics contest
- Continuous registration from certain schools as club activity

Please visit poster #834 TODAY "B-Lab: Open Data Analysis Program using Belle data", Nishida et al.

KEK Caravan

Hokkaido

(Northest)

not contour map)

Since June 2010

358 lectures so far

28049 audiences

- Japan-wide science caravan
- Employees at KEK (not only) researchers, but engineers/ staffs) give lecture at schools and organisations
- Select a speaker from the list of volunteers according to their hometown

Okinawa

(Southest)

KEK Caravan Statistics

Number of caravans per year

Audiences

(Total: 28049)

KEK Caravan Statistics

- One remark about tech-high
 - Very very small proportion
 - BUT, result in an increase of application to KEK as engineers or researchers

Audiences

(Total: 28049)

KEK Science Cafe

KEK Science Cafe

- A science cafe for local citizen
 - ❖ Just started in Nov. 2015
 - EVERY Friday night (7pm~8pm)
- Location
 - Beside Tsukuba station (not in KEK)
- Feature
 - ONE TOPIC per month
 - SAME talk every week
 - YOUNG speakers
 - Volunteers from my friends
 - Casual talks; it's Cafe!

KEK Science Cafe

admission FREE NO pre-registration

- A science cafe for local citizen
 - ❖ Just started in Nov. 2015
 - EVERY Friday night
- Location
 - Beside Tsukuba station (not in KEK)
- Feature
 - ONE TOPIC per month
 - SAME talk every week
 - YOUNG speakers
 - Volunteers from my friends
 - Casual talks; it's Cafe!

Cafe Statistics

Total: 336 audiences

Achievement

- KEK cafe was closed this week
 - Tsukuba city had already booked the place for election
- Junior-high students gathered at the next door cafe

Summary

- ♣ B-Lab (since 2004)
 - Open-data analysis program using Belle data, first trial in HEP
 - Planning B-Lab2 using Belle II data
 - Check Outreach Activities in the Belle II Collaboration by T. Ijjima
- ❖ KEK Caravan (since 2010)
 - Japan-wide science caravan
 - Giving an opportunity to tech-high students
- KEK Science Cafe (since 2015)
 - Science cafe for local citizens
 - YOUNG speakers & YOUNG audiences

Backup Photos & Statistics

Mainly KEK Science Cafe since I am one of members who started it up 4(o 13 o)?
