Type: **Oral Presentation**

**Measurement of cross sections and couplings of the  
SM Higgs boson in the WW decay channel using the  
ATLAS detector (12' + 3')**

*Thursday, August 4, 2016 10:20 AM (15 minutes)*

The measurement of the cross sections and couplings of the Higgs boson in the WW decay channel with the ATLAS detector is presented, using the run-1 dataset.

**Presenter:** BERTELLA, Claudia (Johannes-Gutenberg-Universitaet Mainz (DE))

**Session Classification:** Higgs Physics

**Track Classification:** Higgs Physics
