Organisation Committee

Etiennette Auffray

Chair of the Management Committee

Pedro Almeida

WG5 (Application) leader

Stefaan Tavernier

WG5 (Application) vice leader

Venue Place

1st Industrial **FAST** Workshop@Aachen

Aim of the Workshop:

Come together with the Industry !

in the field of

- Scintillation materials
- **Photo detection devices**
- Electronic read out systems
- **Medical & biological application**
- Non-destructive industrial application
- High energy physics
- and ...

Welcome

Johannes Mandelartz
Innovation Transfer Office

Agenda

Round Table Discussion

Industrial Needs and Shares of Intellectual Properties

What does the industry expect and want to have from the academics?

Round Table Discussion

Industrial Needs and Shares of Intellectual Properties

Some academic groups, have a considerable amount of technological knowledge. How should we organise things such that this knowledge gets transferred to industry more efficiently, on other words, how should we organise collaboration between academia and industry?

Round Table Discussion

Industrial Needs and Shares of Intellectual Properties

How could the industry participate as active member of our
Action?
