

Quark Matter 2017

Wednesday 8 February 2017

Parallel Session 5.3: New Theoretical Developments (I) - Regency C (08:30 - 10:10)

-Conveners: Maria Paola Lombardo

| time | [id] title | presenter |
|-------|--|------------------------|
| 08:30 | [510] New quantum effects in relativistic magnetohydrodynamics | Prof. KHARZEEV, Dmitri |
| 08:50 | [11] Tetraquarks and the phase diagram of QCD | PISARSKI, Robert |
| 09:10 | [19] The problem of overlapping formation times | ARNOLD, Peter |
| 09:30 | [106] Going with the flow: a new solution to the sign problem | Dr BASAR, Gokce |
| 09:50 | [54] Classical electromagnetic fields from quantum sources in heavy-ion collisions | Mr PEROUTKA, Balthazar |
