

# Quark Matter 2017

## Wednesday 8 February 2017

### Parallel Session 5.4: Jets and High pT Hadrons (IV) - Regency D (08:30 - 10:10)

-Conveners: Peter Martin Jacobs

| time  | [id] title  | presenter                |
|-------|---|--------------------------|
| 08:30 | [497] Studies of photon-jet correlations in 5.02 TeV Pb+Pb and pp collisions with ATLAS | STEINBERG, Peter Alan    |
| 08:50 | [564] The x and scale dependence of the transport coefficient $\hat{q}$                 | KUMAR, Amit              |
| 09:10 | [360] Jet energy loss in Boson-jet events in PbPb collisions at 5.02 TeV with CMS       | BI, Ran                  |
| 09:30 | [198] Vector boson-tagged jet production in heavy ion reactions at the LHC              | Dr XING, Hongxi          |
| 09:50 | [565] Design, status and schedule of the sPHENIX experiment at RHIC                     | CONNORS, Megan Elizabeth |
