Plenary Session III: Search for Critical Phenomena and Chiral Anomalies in Heavy-ion Collisions

Session | Location: Hyatt Regency Chicago, 151 East Wacker Drive Chicago, Illinois, USA, 60601 | Convener: Nu Xu

11:30–12:00 Search for critical behavior -- status and future

Speaker

Helen Caines

12:00–12:30 Search for chiral anomaly effects -- status and future

Speaker

Paul Sorensen

12:30–13:00
Lattice QCD results on soft and hard probes of strongly interacting matter

Speaker

Dr Olaf Kaczmarek

13:00–13:30 Beam energy scan theory: status and open questions

Speaker

Hannah Petersen
