# IPAC'10 Web (Interim) Strategy

- ◆ **Re-use of existent resources at KEK as much as possible**
- ◆ **Domain Name**
  - ❖ ipac10.kek.jp (acquired)
  - ❖ www.ipac10.org (acquired)
- ◆ **Web Server**
  - ❖ Contents Authoring on an Internal (Intranet) server
  - ❖ Mirror/Copy to an External server, maintained by KEK Computing Center
- ◆ **Contents authoring**
  - ❖ “PmWiki” as a primary candidate, which was used at EPAC08 as well
  - ❖ Christine and Stefano kindly agreed to use EPAC08 web pages as a base (thanks)
  - ❖ Later, the web designer may investigate other candidates
- ◆ **JACoW SPMS is on a separate server**
  - ❖ Management of registrations, abstracts, etc.
  - ❖ Kosuge, Shirakawa, Nigorikawa, Furukawa will organize the SPMS server
  - ❖ Windows server (64bit) with Oracle on it

# IPAC'10 Web more details

## ◆ Hope to use images from

- ❖ IPAC10 Conference Poster impression
- ❖ IPAC10 'Conference Logo'
- ❖ Probably no logos of 'IPAC', 'ACFA', ...

## ◆ Contents

- ❖ Will be authored by an Web-design expert at KEK (hopefully)
  - ✧ She/he and Hayashi-san, Furukawa, Shirakawa, Kosuge, Nigorikawa will collaborate

## ◆ No dynamic page behaviors

- ❖ Because of Mirroring

## ◆ Can start early server soon

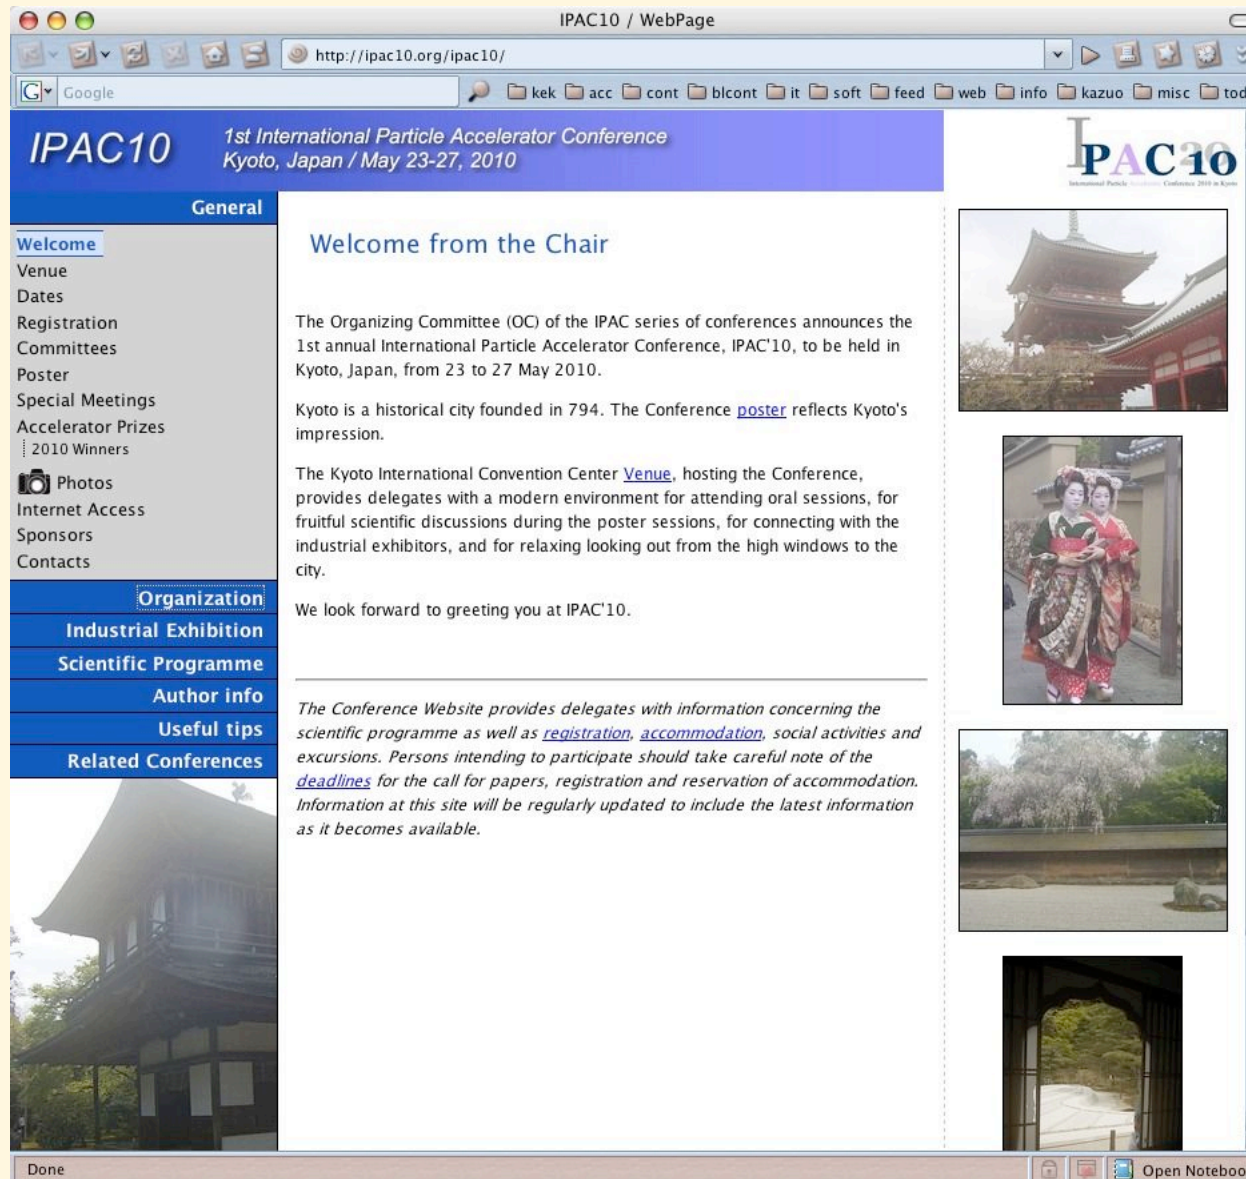

- ❖ with Chairman's welcome address, Date, Venue, Committee members, etc.
- ❖ within two weeks if it is necessary

## ◆ Any more Ideas?

- ❖ Do we need any web authors from outside of KEK? (VPN can do it)
- ❖ Do we need dynamic web contents? (maybe not)
- ❖ Mail forward from ipac10.org
