

Session Program

17-18 Nov 2008

3rd CHIPP Swiss neutrino workshop

Neutrinoless double beta decay experiments

ETH Zurich, Building HIT - Room E 51 (Mehrzweckraum Auditorium Siemens)
Wolfgang Pauli Str. 27 ETHZ Hönggerberg Campus, Swiss Federal Institute of Technology CH-8093
Zürich

Monday 17 November

14:00

Neutrinoless double beta decay experiments

Session |

Location: ETH Zurich, Building HIT - Room E 51 (Mehrzweckraum Auditorium Siemens), Wolfgang Pauli Str. 27 ETHZ Hönggerberg Campus, Swiss Federal Institute of Technology CH-8093 Zürich

14:00-14:30

Neutrino properties in Underground labs

Speaker

Fernando Ferroni

14:30-15:00

The EXO experiment

Speaker

Dr Razvan Gornea

15:00-15:30

The GERDA experiment

Speaker

Laura Baudis

15:30
