

Session Program

15 October 2015

Joint LIU / HL-LHC meeting

Session 1 - C&S review outcome (Baseline updates and consequences on beam parameters)

CERN, 774/R-013

Thursday 15 October

08:45

Session 1 - C&S review outcome (Baseline updates and consequences on beam parameters)

Session | Location: CERN, 774/R-013 | Conveners: Oliver Bruning, Giovanni Rumolo

08:45-09:05

Protons: Updates on HL-LHC baseline and options (incl. staged implementation), performance reach, schedule - 15'+5'

Speaker

Gianluigi Arduini

09:05-09:30

Protons: Updates on LIU baseline and options (incl. staged implementation), parameter reach, schedule - 20'+5'

Speaker

Hannes Bartosik

09:30-09:50

Ions: Updates on HL-LHC baseline and options (incl. staged implementation), performance reach, schedule - 15'+5'

Speaker

John Jowett

09:50-10:15

Ions: Updates on LIU baseline and options (incl. staged implementation), parameter reach, schedule - 20'+5'

Speaker

Dr Simone Gilardoni

10:15
